A horizontal row of seven solid black squares of equal size, arranged side-by-side.

7:43 AM

A horizontal row of 15 solid black squares arranged in a single line. This visual representation likely depicts a sequence of frames or data points in a temporal or spatial context.

A horizontal row of 20 black squares, each representing a bit in a binary sequence. The sequence starts with 10 zeros, followed by 10 ones.

A horizontal bar consisting of a series of black squares arranged side-by-side. The bar is positioned at the bottom of the page.

A horizontal sequence of black squares of varying widths, representing a binary sequence. The sequence starts with a single square, followed by a group of three squares, then a group of four squares, and so on, creating a visual representation of a digital signal or data stream.

A horizontal row of 15 black squares of equal size, arranged in a single line.

3:40 AM ■ ,

A horizontal row of 20 solid black squares, arranged in two distinct horizontal bands. The top band contains 10 squares, and the bottom band contains 10 squares, creating a visual pattern of alternating light and dark horizontal stripes.

Figure 1. A schematic diagram of the experimental setup. The top part shows the optical bench with a beam splitter, lenses, and mirrors. The bottom part shows the sample stage with a sample holder and a camera.

X = _____)

[REDACTED]

A 2x7 grid of black squares, representing a 2x7 matrix or a 7x2 vector.

A horizontal row of black rectangular blocks, likely representing a digital signal or a series of binary values.

[REDACTED] 4:30 PM
[REDACTED]

A decorative border consisting of a grid of black squares, forming a frame around the central text area. The border is approximately 10 columns wide and 15 rows high, with some irregularities at the corners and edges.

10:47 PM

A decorative horizontal bar consisting of a series of black squares arranged in three rows. The top row has 25 squares. The middle row has 24 squares, starting from the second square of the top row. The bottom row has 23 squares, starting from the third square of the top row.
